How does the original Wine of the Month Club work?

It's easy and fun!

1. Each month, we'll select one red and one white from the roughly 300 top-quality wines from around the world that we sample and send the 2-bottle pack right to your door for around \$20, plus shipping and any applicable sales tax.
2. We'll also include with each shipment our 24-page newsletter, "The Tasting Room"—packed with information about where your new wines came from, the grapes used, the winemakers and what to look for in each wine. You'll also find helpful wine pairings and even delicious recipes to accompany your wines.
3. Each month, you'll have the opportunity to purchase more of those wines you fall in love with at special prices that are often 60% less than retail shops charge. You can order them for yourself or have them shipped directly to family members and friends as gifts.
4. You'll never have to pay for a wine you don't like. If for any reason at all you don't think a wine is for you, call or email us. We'll promptly send you a replacement, no questions asked. Plus, you can cancel your club membership at any time.
